- These visuals are an approximation of the final artwork.
- Agreed artwork will be applied consistently across the full shop range.
- Exact positions, scale and sizes cannot be guaranteed.
- Artwork may not align perfectly across seams.
- Colours may vary when printed on different fabrics and will appear differently on screen compared to the final garment.
- 3D renders are a representation only and may not reflect the final garment exactly.
- 2D artwork is not an accurate representation of final printed colours.
- NopinZ cannot guarantee the kit produced will match other manufacturers colours or logo placement.
- Small variations may occur between the agreed artwork and the final garments due to the various production processes used.

Artwork and Logos

- Artwork placement is approximate; exact positions and scale cannot be guaranteed.
- NopinZ cannot ensure artwork aligns perfectly across seams or zips. Our design team will advise on optimal placement to minimise potential problems.
- Customers confirm they hold the necessary permissions or copyright for all files and artwork included in the final design.
- Additional charges may apply if artwork is not provided in vector format. Our design team will provide an estimated cost in such cases.

Full Kit Range

- The full kit range will maintain a consistent design language across all items.
- Minor variations may occur between garments due to differences in construction and fabric type.
- Long-sleeve garments (e.g. roubaix jerseys and arm warmers) will replicate the design used on the long sleeve top.
- Short-sleeve garments (e.g. endurance jerseys) will replicate the design used on the jersey.
- Logos and artwork may be adjusted in scale to ensure visual balance across different garment sizes and types.
- Socks and overshoes will follow the design used on the short overshoes.
- Neck/leg warmer design will be at the descretion of the designer.
- Race day items will use the club logo in set placements as shown on the race day board above.

Colours

- Screen colours do not accurately represent printed colours.
- If colour references are not provided, NopinZ cannot guarantee a close colour match.
- Colour swatches and matching services are available on request. We strongly recommend this if you wish to receive a close match to kit from another manufacturer.
- Colours may appear differently on various fabrics due to differences in density and texture. This is not considered a fault.
- Garments may appear lighter when stretched as a result of the manufacturing process. This is not considered a fault.
- Textured fabrics may alter the appearance of colours.
- Pre-dyed panels may look different compared to dye-sublimated sections of a garment. Certain panels are made from pre-dyed materials and are only available in set colours; custom printing is not possible in these areas.

Payment and surcharges

- Any unpaid designs remain the property and copyright of NopinZ. If you cancel the order after design work has started, NopinZ reserves the right to retain the design fee.
- Changes requested after sign-off will incur a surcharge, which will vary depending on the extent of work required.
- Minor adjustments after sign-off may also incur a new design fee. Our design and administration teams will advise you on the process and associated costs.
- If your club artwork needs updating in the future, we reserve the right to charge a 'design update' fee. Design updates include the addition or removal of logos, colour changes or any other change that requires the intervention of our design team.
